He started his career as a Principal in Bhamashah Arya Vidyalaya Kolkata and later on joined as a Hindi Lecturer in Seth Anand Ram Jaipuria College in the year 1959 and became HOD of the same. He also joined NCC and became Lieutenant. As he was very keen to serve the society he joined Aryasamaj to promote social reforms. He was a very good orator. Dr. Upadhyaya was married to Smt. Amravati Upadhyaya and God blessed them with four sons and four daughters. After retirement he passed away at the age of 67 on 18th November 1997.

Dr. Upadhyaya firmly believed that there is no other tool as effective as education that can enlighten and transform lives for better. He believed that education is the path to success and it not only enhances an individual but also the society as a whole.

INDOORS AND OUTDOORS

Hard work has no alternative; at S K Presidency Public School children are taught this reality and a wide spectrum of sports and games activities are an inherent part of the school's curriculum. The importance of sports and games in school encompasses more than just the benefit of physical activity. Increases in self-esteem and mental alertness make school sports and games necessary for every school age child. Although the benefits of school sports abound, with a diminishing economy, many schools are cutting out sports and physical education programs to detriment students nationwide. But at S K Presidency Public School we give utmost importance to sports:

- Athletics
- Football
- Badminton
- Cricket
- Volleyball
- Basketball
- Carom
- Chess
- Table Tennis

Every year an event of annual sports competition is held where the four houses of the school compete in different disciplines, segments and sports to emerge at the champion house. Our goal is to foster a life-long interest in physical activity and healthy living through both competition and fun. Playing with your child, whether throwing a football or volleyball with your son, or teaching your daughter how to jump, teaches them the importance of being active.
